

# DO-IT-YOURSELF/SIMPLE DIVORCE WORKSHOP

This workshop is **FREE** and open to Women and Men

**Wednesday, September 30, 2009**

**6:00pm—7:30pm**

Do you want to find out information about how to file for divorce without hiring an attorney, and whether the choice is appropriate for you? Come join us as we present a workshop on Simple Divorce through self-representation. Here you can learn what important issues might have to be addressed prior to the filing of your divorce, as well as how to fill out the legal documents and represent yourself in court. Information packets containing the specific forms used by the courts will be distributed.

Time permitting, general questions about separation and divorce will be answered during this workshop.

This workshop will be presented by Beth Posner – Legal Aid of North Carolina.

**For a Simple or Do-It-Yourself Divorce** you **MUST** meet the following requirements:

- be separated from your spouse for at least 1 year, AND
- have no marital property or assets to divide, AND
- have no custody issues
