

# DO-IT-YOURSELF/SIMPLE DIVORCE WORKSHOP

This workshop is **FREE** and open to Women and Men

Are you looking for information on how to file for divorce without hiring an attorney? Join us for a workshop on Simple Divorce through self-representation. Here you can learn what important issues might need to be addressed prior to filing for divorce, as well as how to fill out the legal documents and represent yourself in court. Information packets containing the specific forms used by the courts will be distributed.

Time permitting, general questions about separation and divorce will be answered during this workshop.

**For a Simple or Do-It-Yourself Divorce** you **MUST** meet the following requirements:

- be separated from your spouse for at least 1 year, AND
- have no marital property or assets to divide, AND
- have no custody issues
